To mark Patient Safety Week 2025, and in alignment with the World Health Organisation's (WHO) global message, "Safe care for every newborn and every child", the Quality & Risk Management Department is launching a Poster Design Contest under the theme: **"Child Safety – Everyone's Responsibility"**. We invite all departments to participate by turning creative ideas into impactful visuals that raise awareness and reinforce our shared commitment to patient safety, especially for newborns and children.

All entries will be displayed at the event area (Indochine Lobby). Voting will be opened by the Organising Committee via QR code on the MedQpro app and through the FV Family Group, allowing everyone to recognise the most outstanding entries.

Vote for the Best Poster!

All submitted posters will be displayed in the Indochine Hall. We invite everyone to participate in the voting to find the most popular poster.

How to vote: Scan the QR code available at the exhibition area or vote directly on the FV Family Group.

Scoring: The final results will be decided by the judging panel based on three main criteria:

- Content: 40%
- Design: 30%
- Votes: 30% (from the QR codes and the FV Family Group)

The best designs will be showcased at the Closing Ceremony on 19 September and awarded with attractive prizes:

- **1st Prize:** 2,000,000 VND
- **2nd Prize (2 winners):** 1,000,000 VND each
